By no means was I good, especially since the game has a rather large learning curve.. I played toribash long before it came out on steam, this game is pretty in depth and hard to play at first.

The learning curve is large but if you can get over that it's a very fun game of pectoral chess

Lots of ingame and forum events
Ability to modify the environment and characters using the built-in Mod Maker
Open market - trade any of your items with your friends or just give them for free!
An extremely long game genre name6d5b4406ea
Title: Toribash
Genre: Action, Free to Play, Indie, Strategy
Developer:Nabi Studios
Publisher:Nicalis, Inc.. Overall, this game takes a long time to fully understand since the tutorial does not completely cover everything, but once players get past this, they'll find many challenges to overcome.. Multiplayer games are rather fast-paced compared to singleplayer sessions due to the timer which limits the time players can think before it runs out.

This learning curve comes from the fact that various joints must be manipulated to get results, but casual players (especially friends) will often find hilarity due to the manipulation of their characters sometimes in rather awkward positions.. this game is great and it takes time to learn and lots of fun and a great way to waste time.. It is a martial arts simulator (yes, we do call a game with full body dismemberment a simulator) where you move your character by controlling joints on their body.. Toribash Ativador Download [key Serial]Download ->>->>->> <http://bit.ly/2zqAegpMirror>.. this game is cool like ice Best Ragdoll game ever wish it had a single player mode to earn those damned creds for unlocks but then again i would like to be able to make a full move set as a combat style.. Awesome Game about fighting ninja Ragdolls !This game make me laugh 11V10 I've played this game quite a lot in the past before it was released to Steam.. <http://bit.ly/2zqAegpAbout> This Game" Just when ragdoll was becoming an irritant for gaming, Toribash swoops in to demonstrate why it's the best thing since shaded pixels..), or solo challenges (parkour, skateboarding, sports, etc) In terms of play by more seasoned/veteran players (not including myself), other players can find interest in the rather complicated techniques used to simulate real fights or complete parkour maps.
